Janab Fakhruddin Ali Ahmad Sahib,

5th President of India, passed away on Friday the 11th February 1977, at New Delhi in his residence Rashtrapati Bhavan. A light has gone out and a great son of India is no more.

A dedicated soldier in the fight for freedom of this country, a scholar, a statesman, a sportsman, a leader who rose to the highest eminence, and above all a generous and fair minded gentleman, who was a living symbol of secularism, died in harness, so to say, striving till his last breath how best to serve his country.

His relatives, friends and admirers as well as high government representatives from abroad bade him a tearful farewell as the last handful of earth was strewn over his grave. We too, in our small Association, take this opportunity to convey our sincere condolences to Begam Ahmed and other members his family, and to add our prayer for eternal peace to the soul of the departed great and of noble son of India.

Message

I am glad to learn that the Kashmiri Pandits Association, Bombay is planning to have a cultural institution known as Kashyap Bhavan. It is a welcome move to have centres in different parts of the country where cultural forums of one State can be presented. Such forums not only help sustain the culture of that region but also bring about integration in a subtle way. Kashmir has a rich panorama to share with the rest of the country. I wish the association all success.

~~Supplementary~~

No. MVP-67-77

Date 13th January 1977

I am in receipt of your letter dated January 7, 1977 and I thank you for the same.

You are aware that since beginning I have been supporting the KASHYAP BHAVAN project and the fund-collection drive for the same. I am glad to hear that you are having an entertainment programme of the latest Dance Ballet by the renowned Shri Yogendra's troupe on the 22nd February 1977 and the Ballet consists of among others reputed artists like Shrimati Asha Parekh and Shri Gopi Krishna. I was also gratified to know that the programme will have relevance to the TWENTY POINTS PROGRAMME of our beloved Prime Minister. I hereby send my best wishes for the success of the programme which will enable you to achieve the objects with which you are establishing the KASHYAP BHAVAN in Bombay. I am looking forward to the fulfilment of your objects most eagerly as I myself am a close student of Saivism and the culture of Kashmiris, which to my mind is much more cosmopolitan than any other culture. The followers of different faiths live most amicably like ~~the~~ true brothers in Kashmir. This itself is an ideal national integration worthy of emulation by others in our mothercountry.

With kind regards and best wishes again for the success of your project,

Yours sincerely,

(V. S. PAGE)

MESSAGE

I am glad to learn that like previous years, the Kashmiri Pandits Asssocation (Regd) is organising, this year also, a fund-collection drive at the famous Shanmukhananda Hall in Bombay on February 22, 1977 when it will also bring out a beautiful and literary Souvenir for the cause of KASHYAP BHAVAN.

I wish the function all success and am sure that the dream of the Kashmiri Biradri to build KASHYAP BHAVAN will be fulfilled soon.

DEDICATION

This eighth issue of KASHYAP BHAVAN Souvenir is most humbly dedicated to the supreme and sacred symbol of democracy, the BALLOT BOX. It is a visible reminder of the irrefutable fact that real power vests in the people of the country, and the BALLOT BOX is the medium through which the will of the people is ascertained for or against any candidate, or a proclaimed programme or plan.

Last year we dedicated our Souvenir to ANUSHASAN, but this year we just cannot think of anything more deserving than the BALLOT BOX, and all that it stands for, for bowing our heads to in salutation, as we offer this Souvenir to be released for distribution.

For a civilised people there is no better way known of deciding the manner in which they wish to be governed, or rather wish to be serviced by a government, than by the exercise of the secret ballot, selecting and electing men of honesty, integrity and ability, to represent them in the highest councils such as the Parliament, where decisions of momentous magnitude and importance are taken, vitally effecting the interests and welfare of the people of all walks of life, and all strata of society.

In less than a month from the date of release of this Souvenir, the results of the forthcoming elections will start being flashed by radio and newspapers, and there will be jubilation in some quarters and gloom in others, and the strong silent spectator of all this, the BALLOT BOX, will retire into seclusion for some years.

In the meanwhile, during the days immediately preceeding the elections, there will be feverish heat generated in the vast number of canvassing meetings, called by supporters of various parties or individuals, for praising their own candidates and their objectives and viciously criticising others. This is all a part of the game, but sometimes things are taken too far and then trouble starts. Let us hope that this time the spirit of ANUSHASAN will prevail all around and the senior members of all parties will see that things do not go out of hand. The main aim and object should be to achieve the following :

A GOVERNMENT OF HONEST PEOPLE, BY HONEST PEOPLE, FOR HONEST PEOPLE, ELECTED AND VOTED TO POWER BY HONEST PEOPLE.

THE COVER PAGE

Almond Tree in full bloom

Kashmir is famous for many things including exquisite variety of fruits and fragrant flowers. Supreme in the category of fruits is the Almond, the fruit of the Almond tree. Both in fresh condition and then as a dry fruit Almond is in great demand. For the epicure Almond is a necessary ingredient in many of the high class delicacies. For taste and for giving energy Almond has always been considered as unequalled. Many people like Almonds mixed in their sweet-meats and many like them with walnuts and raisins or served salted.

In urdu it is BADAM and the oil-extracted is called BADAM ROGAN. It is applied externally and is also used as a base for several very costly Ayurvedic and Hakimi medicines.

The beautiful and delicate shape of Almond has been held as a model of beauty for the eyes of the fair sex. In fact the Almond comes close second to the eyes of a gazelle where such comparisons are concerned.

However, very few have seen an Almond tree, and still fewer have seen a flowering Almond tree. It is a comparatively small tree in size and is delicate in appearance. The branches are thin and the leaves are also thin, narrow and pointed. Like some other fruit trees of Kashmir that blossom forth before a single leaf comes out, the Almond tree also bursts into full bloom, heralding the advent of spring. NAVREH which is a very much looked-forward-to festival in Kashmir is actually the New Year day in Kashmir. Many families get together to rejoice over the ending of winter and frequently they go to Almond orchards for picnics.

The picture on the cover is that of an Almond Tree in full bloom. When just one tree looks so lovely one can well imagine what a whole orchard of such trees, in each looking like a bouquet in itself, would look like. Also imagine how you would like to linger along in such ethereal atmosphere, sipping some KAHWA poured hot from a Somawar, and at the same time enjoying the crisp and bracing caress of the invigorating air. Even without a "book of verse and a cup of wine and thou Omar Khyam would have called such surroundings "Paradise Enow" had he been blessed with the good fortune of visiting Kashmir.

Kashyap Bhavan

“Kashyap Bhawan” is the proposed nucleus of the Socio - Cultural activities of the Kashmiri Pandits Association, Bombay.

Historically, the fair valley of Kashmir takes its name from the great sage KASHYAP RISHI. It is, therefore, that the name of the proposed building has been chosen as KASHYAP BHAWAN. Like the many silvery streams and rivulets that gush down in the Kashmir Valley to join Vitasta river, the small stream of the cultural activities of the Kashmiri Pandits Association of Bombay is endeavouring, through KASHYAP BHAWAN, to join the main - stream of the cultural life of the great and benevolent city of Bombay which has offered shelter and hospitality to men from all parts of the country and who have in turn made the life of the city more variegated and the richer for it, by their own distinctive contribution. It is an urge amongst the Kashmiri Pandits of Bombay to keep alive their social and cultural traditions, and to preserve this precious heritage enshrining noble principles which has been eulogised for ages for having produced outstanding men and women of vision, tolerance and broad outlook, who achieved fame in various walks of life.

In KASHYAP BHAWAN, it is contemplated to provide :

- (i) A large hall or meeting place for the cultural activities of all without any distinction.
- (ii) A library and reading room.
- (iii) Provision for teaching Kashmiri if there is sufficient interest in learning the language.
- (iv) A small free dispensary to serve all without any distinction and to develop this in due course to the level of a hospital.
- (v) Some rooms to serve as temporary accommodation for sick persons of any community coming from Kashmir awaiting admission in any hospital.
- (vi) Some rooms to provide temporary accommodation to students coming from Kashmir awaiting admission in any of the colleges.
- (vii) In due course to establish a foundation to help deserving students.
- (viii) To provide along side the main building for a Bhavani Temple to be built on the pattern of the much adored Kheer Bhavani Temple of Kashmir.
- (ix) To provide for the Society of Kashmiri Arts & Crafts and to hold exhibitions to develop public interest in them.

your family life is happy when good health prevails

Where else can you seek happiness if not in your family? And you can't get it unless it is health

For over sixty years now, Zandus are striving to bring happiness to people through good health

We are one of the few pharmaceutical concerns in India who handle Indigenous as well as Western systems of medicine with equal expertise. We manufacture over 1,000 Ayurvedic medicines and over 750 Allopathic and Biological ones.

Our patent medicines have reached the nooks and corners of our country—pure and effective medicines, the common man can afford.

We are proud, that after meeting the medicinal needs of our own people, we are able to export large quantities to other countries of the world.

Health is happiness - Zandus care for your health

From experience comes faith...

SQUIBB®

A Century of Experience Builds Faith

A young adventurer goes to sea, with love and vigilance behind him. A sudden wave may turn him back, but he will try again.

We are all adventurers in the plan of life. Big or little—young or old—ideas born of courage are proved through experience.

Little adventurer to man of the world...from experience comes faith.

The priceless ingredient of every product is the honor and integrity of its maker

COMMITTED TO PROGRESS: 2

helping to reap richer harvests...

25
SINCE 1948

Seeds bursting into eager life...fields swaying in the gentle breeze...livestock and poultry adding to the farm lands of prosperity. All resulting from the use of fertilisers.

Totally, over two million tonnes of fertilisers are produced today in India's gigantic complexes, such as Sindri, Barauni, Namrup, Durgapur, Naya Nangal, Trombay, Manali, Talcher, Goa, Visakhapatnam, Haldia...And it is here that Advani-Oerlikon enter the industrial scene to play a vital role—supplying highly versatile welding consumables, sophisticated welding equipment and high voltage rectifier units for electrostatic precipitators for pollution control.

Fabrication and maintenance of cooling towers, reformer tubes and pump sets employed by this industry; critical parts and other equipment used in corrosive atmospheres, and sometimes under sub-zero temperature conditions—all these are made possible by Advani-Oerlikon providing the right welding consumables, power control equipment, techniques and guidance. Thereby contributing in a big way to import substitution.

Thus, Advani-Oerlikon are at the hub helping to make the good earth greener for a fast-developing nation aiming at prosperity through economic self-sufficiency.
